INTRO

PowerCore® Ultra Enlist® : An advanced combination of high-yielding genetics, unsurpassed flexibility and protection against above-ground insects stacked with the Enlist® corn trait for multiple modes of action against tough weeds along with the additional mode of action for fields that need extra protection against occasional ear feeding pests.

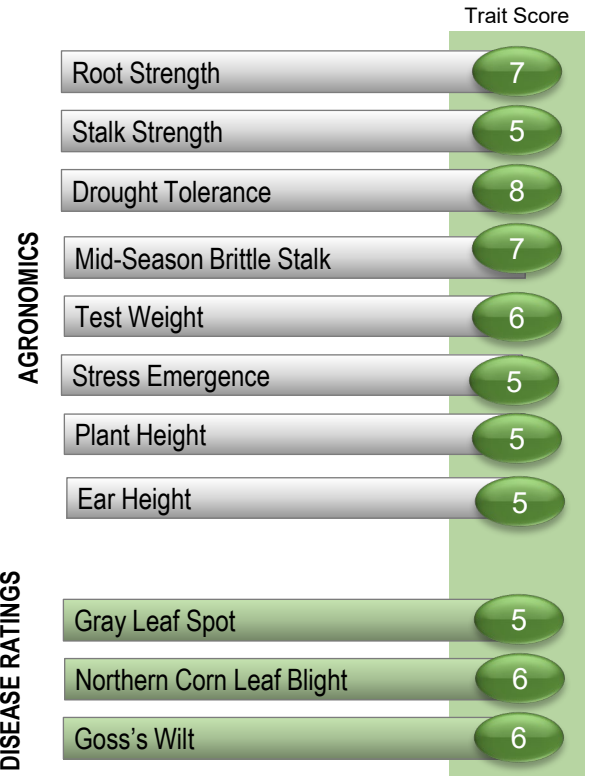

Management Insights

- Offers strong performance at higher yield levels and stability under more stressful conditions
- Exceptional roots in a more moderate statured plant
- Strong disease package for corn-on-corn acres
- Very good ear flex for population flexibility across yield environments
